Public Health Alliance of Southern California

Caren Trgovcich Chief Deputy Director State Water Board

October 28, 2015

What does the State Water Board do?

- Develops statewide water quality protection plans and policies
- Establishes water quality standards
- Protects public water systems
- Allocates water rights
- Adjudicates water right disputes
- Guides the 9 Regional Water Boards

Current Board Priorities

- Drought Response
 - Conservation
 - Community water supplies
 - Water availability
 - Minimum water for fish
- Proposition 1 rollout
- Small community assistance
- Oil & gas industry discharges and monitoring
- Bay-Delta and Ca WaterFix
- Instream flow standards

Webinar Topics

- Drinking Water Program Transition
- OWTS Implementation
- Well Information Disclosure
- Dry Wells
- SGMA
- New PWS to meet TMF requirements

Division of Drinking Water Organization Chart

5

Program Integration Status

- Physical integration ongoing
- Program Management Integration
- Program Priorities
- Inter-agency Relationships

- Transparency through Board process
- Transition advisory Group
- Expert Panels
- Program Reviews

DDW Priorities

- Curtailment Compliance Orders w/DWR
- Arsenic Compliance Orders
- LPA Program Oversight/Data Submission
- Disadvantaged Community Assistance
- Safe Drinking Water Plan Implementation
- SWS Program Plan Implementation
- Regulation Adoption
- Collaboration w/other Divisions & RWQCBs

OnSite Wastewater Treatment Systems Policy Implementation

- May 2014 RBs to revise basin plans
- May 2016 local agencies to submit LAMPs
- May 2017 RB review and approval of LAMPs
- May 2018 Local authority adjustment period

Well Information

- SB 83 Allows public access to Well
 Completion Reports through DWR
- State Water Board considering disclosing well locations through GAMA
